

Xingtai Xinzhou Technology Co., Ltd

Chemical Organic Intermediates Triisopropanolamine 122-20-3 Industrial Raw **Materials**

Basic Information

. Place of Origin: Guangzhou, China

Brand Name: Xinzhou

COA,GMP,CQC,SGS · Certification:

122-20-3 Model Number: • Minimum Order Quantity: 1kg • Price: Negotiate · Packaging Details: 100g; 1kg; 25g • Delivery Time: 1-3 work days

Payment Terms: T/T advance, Bitcoin ,western union,Bank

. Supply Ability: 500kg per week

Product Specification

Name: Triisopropanolamine

· CAS: 122-20-3 Molecular Formula: C9h21no3 99% • Purity:

· Color: White To Slightly Yellow

• Appearance:

· Package: Aluminum Foil Bag And Carton Box

191.27 . Molecular Weight: • Meliting Point: 48-52 °C (lit.)

• Boiling Point: 190 °C/23 MmHg (lit.)

• Highlight: Chemical Organic Intermediates,

Triisopropanolamine 122-20-3, 122-20-3 Industrial Raw Materials

Product Description

Chemical product Triisopropanolamine CAS 122-20-3 Industrial Raw Materials

In the cement industry, TIPA is employed as a grinding aid during the production of cement. It enhances the grinding efficiency of cement clinker, resulting in reduced energy consumption and improved cement quality. TIPA can also act as a strength enhancer, contributing to the development of early and final strength in cement.

Furthermore, TIPA finds application in the textile industry as a dyeing auxiliary and textile softener. It helps to improve the dye absorption and fixation onto the fabric, as well as imparting a soft and smooth feel to the textile materials.

It is important to handle TIPA with care as it is a corrosive substance. Protective measures, such as wearing gloves and goggles, should be taken when working with TIPA to ensure safety.

Overall, Triisopropanolamine (TIPA) is a versatile compound that finds application in several industries, including surfactants, cement production, and textiles. Its chemical properties and functionality make it valuable as an intermediate in various manufacturing processes.

Product Name	Triisopropanolamine
Purity	≥99%
Appearance	powder
CAS NO.	122-20-3
Molecular Formula	C9h21no3
Molecular Weight	191.27
Meliting Point	48-52 °C (lit.)
Boiling Point	190 °C/23 mmHg (lit.)
Desity	1.0
Storage	Store below +30°C.

I Company Profile

Xingtai Xinzhou Technology Co., Ltd.

Xingtai Xinzhou Technology Co., LTD.

Xingtai Xinzhou Technology Co., Ltd. was established in 2022 with strong research and development capabilities and superb synthesis technology, as well as advanced quality control measures. Effectively promote the joint venture and cooperation with the major enterprises, manufacturers, with the idea of industrial development to serve the society and the majority of users. We always adhere to the market demand as the orientation, constantly synthesizing new high-tech chemical products and medical intermediates, mainly exported to the United States, India, South Africa, Nigeria and other countries and regions, has a wealth of export experience, to ensure transportation safety, can let each customer as soon as possible to safely receive the goods.

Our Advantages

Xingtai Xinzhou Technology Co., Ltd.

Rich Experience	Our company is a professional production leading factory in China in pharmaceutical area of many years.
Top Quality	High quality guaranteed, once any problem is found, the package would be reshipped for you.
Fast Delivery	We have in stock, so we can delivery quickly once payment is received.
Security Shipping	We guranteed 100% safe shipment by special lines to different cities, and double custom clearance door to door.
Superior Service	We will give you warm after-sale service, if any question we will reply you within 8 hours. Sample test and OEM/ODM available.
Competitive Prices	Factory directly supply to clients,lower prices,more competitiveness.

FAQ

Q1: Are you a manutacturer or trading company?

We are manufacturer, welcome to visit us.

Q2: How to confirm the product quality before placing the order?

Sample could be provided, and we have the inspection report issued by an authoritativethird-party testing agency.

Q3: What's your MOQ?

It depends on different products, we can accept sample order or provide sample for your test.

Q4: How about delivery time / method?

We usually ship within 1-3 working days after your paymentWe can ship by door to door courier, air , sea , you also can choose your forwarder shipping agent.

Q5: Do you provide after sales service?

provide $24 \star 7$ service . We can talk by email , skype , what sapp , phone or whatever you feel convenien.

Q6: How to solve the after-sale disputes?

We accept Changing or Refunding service if any quality problem.
